

Bristow & Sutor appointed preferred partner at Reading BC

April 2005: **Bristow & Sutor** is pleased to announce its appointment as civil enforcement agents at Reading Borough Council for the provision of exclusive bailiff services to collect Council Tax and Business Rates. The 3 year contract is effective until 31 March 2008.

Kirsty Anderson, Local Taxation Manager, Reading Borough Council commented, "The Council appointed Bristow & Sutor not only on their performance, but also on their ability to provide innovative ideas and support in response to our changing business needs and demands. By working closely with us and integrating our system to optimise technology, they have proved to be a *partner* rather than a *supplier* by recognising and addressing pressing business needs by improving processes saving us time, money and increasing efficiency."

"We are very pleased by the confidence that Reading has placed in us," stated Andy Rose, Managing Director, Bristow & Sutor. "It is rewarding to see that our long standing customers continue to benefit from our service offering. As we continue to grow and enhance our products and services, we look forward to continuing our support of the Council's business operations. We try to build long-term relationships, and this contract award is a key indicator that we are succeeding."
